Here's what happened at Gary's special Thanksgiving morning hunt. Gary is telling the story.

Besides me, I had 5 intrepid hunters waiting outside a very closed Hometown buffet at 9am Thanksgiving Day. We caravanned to the hunt site near Lake Chabot and were later met with 2 more hunters from the club. Leonardo found a silver bracelet, an unusual horseshoe (solid all around with a mini heart at the top of the shoe), Another hunter found a beautiful 1950s silver and turquoise bracelet. Steve Bava accumulated old clock parts, coins, relics and farm equipment before being called away to dinner, I managed to ease out a 1946 silver Roosevelt, a half dollar sized Buddha medallion with a silver clasp and \$2.46 in newer coinage, George Galvin matched Gary with a 1946-S silver Roosevelt and numerous targets. We all got tent stakes, neckerchief slides, and other Boy Scout camping material. Erik Edgen filled in some of the history of the area but the old iron railings that appear to be for horses in the smaller meadow are still a mystery. The site is very easy to get to, level and easy to dig the soft ground, there's bathrooms, drinking fountains, even picnic tables, and all agreed it's worth another outing (there's still a huge unexplored area with tons more targets and jewelry coming out every visit - -----what's not to like?) ----- Do I hear anyone up for Christmas Morning? -----

Anybody need help with there detector? If so see a board member and we will hook you up. Get out and practice. Practice makes perfect or at least a lot better. Practice your skills at a mini hunt. Next mini hunt will be in January.
